- Made in the UK

Capacity: 25 litres

Pump: SHURflo

Pressure: 0-100 psi (6.9 bar)

Battery: 20Ah x2

Pump controller: Choice of 3

Weight: 22kg

Dimensions: L 49cm W 56.5cm

H 106cm Storage H 63cm

Analogue pump controller

Digital pump controller

Manual pump controller

Thanks to purefast™ pure water cleaning systems, it has never been so easy to clean glass windows and doors, cladding, solar panels, fascias, signs and pretty much any surface efficiently and safely from ground level to over seventy feet high.

Designed by our engineers for easy and trouble free operation, purefast™ trolleys are made specifically to carry pure water safely around properties and over pathways, lawns, steps, kerbs, ramps and many types of terrain. Each trolley is equipped with pump, pump controller and battery.

If you looking to start using pure water cleaning systems, our complete start-up kit is available with every thing you will need to start working

immediately and plenty of free advice too!

Pure water is simply tap water with all minerals removed, so pure water can be left to dry, without leaving any marks on the surface - no squeegee required!
